Suicide of "Pomp" Culley. When Prof. D. C. Culley-the present efficient superintendent of the Paducah common shools-was principal of the High School in this city, some ten years ago, his son D. Tobacco Notes.

Tobacco plants are thriving in this county as a general thing. We can hear of a few locations in which they are being injured

by ants and flies. Dark tobaccos ruled the breaks in Louis-ville pretty much all last week, there being but few Burley offerings.

The highest price realized for Burley on the Louisville breaks Thursday was \$28 per cwt for one hogshead sold by the Planters House. On Saturday, at the Picket House, two hogshead of Burley sold for \$28 and \$28.50 per cwt., the latter the higest price realized this season.

Louisville this year will reach 85,000 hogs-heads. It is estimated that the tobacco sales in

The Leaf Tooacco of Louisville will make a grand display at the great exposition in their city this fall.

The week closed in Louisville with great activity. Monday sales were small and prices variable: Tuesday dark tobaccos were weak and declined 75c on leaf and 25c on lugs; Wednesday there was considerable improvement, Burleys gaining 75: to \$1 per cwt. on common to medium lugs, prices for dark varieties also improving; Thursday

some new buyers appeared on the breaks, advancing Burley \$2 to \$4 per cwt. Southern Illinois tobacco made its first visit to the Louisville market last week. Heretofore Evanaville has monopolized it, but now that the new St. Louis air-line road enables them to reach Louisville with greater case than Evansville, and the prices obtained and treatment received being so much better, it will all speedily find its way to the Falls City.

The sales of Breckenridge county tobac-co on Thursday's breaks were as follows: 4 hhds. leaf, lugs and trash @ 13.75, 10.25, 5.80 and 4.30; 14 hhds. leaf and lugs @ 18, 17, 15.75, 15, 14.25, 12.25, 9.90, 8.90, 7.90, 8.40, 5.35, 4.35, 3.80 and 3.45.
